## NEWSLETTER

JANUARY 2024

Welcome to the official HFS newsletter! My name is Amy, I am head of communications and marketing for the team.

In this monthly newsletter, you can expect a front-row seat to our season – filled with technical insights, behind-the-scenes glimpses, and you can learn more about our diverse team of talented engineers!

Enjoy the read!

Hello everyone, nice to see you all back! I hope you all had a happy new year and enjoyed the holidays. This month the team has gotten back to work and is preparing to manufacture the vehicle! I am happy to say that new partners are coming soon! We keep on working extremely hard towards our goals. This week we are starting to manufacture the floor and setting up the test benches for both Powertrain and Low Voltage.

Make sure to read this month's newsletter, we have got some exciting news to share!

Vamo Arriba!

After a nice lengthy winter break, we are officially back in the garage to continue putting work into the HFS-E2!

# Our Progress so far

We are thrilled to announce that we have received 65% of our planned budget so far thanks to the support of our generous sponsors! We are unbelievably excited by the progress we have made!

65%

Thanks to these partners!

OUR NEWEST

# SPONSORS!

The logo for ndus3 features the word 'ndus' in a lowercase, sans-serif font with a color gradient from blue to red, and a superscripted '3' in blue to the right.

This month we are thrilled to announce a new partnership this season with Ndus3, an industry leader in engineering recruitment and consultancy!

automotive  
center of  
expertise

We are also excited to announce a new partnership this season with ACE Mobility, an innovative company that connects students directly to the automotive industry!

# Help us race to **SUCCESS!**

gofundme

## Help HAN Formula Student Team race to success!

HFS Racing is organising this fundraiser.

€2,010 Raised

### We have started a GoFundMe to help us reach our goal!

We believe that the racetrack serves as a powerful testing ground for sustainable energy solutions and a platform to champion an inclusive energy transition. However, with this transition, comes a more expensive project. This GoFundMe aims to aid us in our mission to compete in FSN 2024, with the help of friends, family, and people who sincerely believe in and want to support our project! Any help you can provide will go a long way in pushing us closer to our goal.
